**Appendix 1: Stewardship Survey for Practitioners**

<b>Note:</b> Please sign the “Research Ethics and Informed Consent for Stewardship Survey” (separate document). I am using the word <b>stewardship</b> here in a broad sense in terms of the environment i.e. think ‘environmental stewardship’ Please answer all the questions honestly and express your own opinion, based on your personal experience of working in stewardship projects. Please write your answers into the blue-shaded cells.			
Date:	Role:		
Name of	Project name:		
Organisation:	Project location:		
Suggestions for other projects/practitioners to interview (especially landscape-scale)			
<b>Part A: Environmental stewardship in your project</b>			
A1. Would you characterise the work or purpose of your project as ‘stewardship’?	Yes:	<input type="checkbox"/>	No: <input type="checkbox"/>
A2. Why? Or: Why not?			
A3. What do you understand stewardship to be?			
A4. What kind of activities would someone be involved in if they were practicing stewardship?			
A5. What are the main outcomes of the stewardship project you’re involved in?			
A6. Is this a landscape-scale initiative? i.e. does it require multiple land users to collaborate with one another? (Mark with 'X')			
	Yes:	<input type="checkbox"/>	No: <input type="checkbox"/>
A7. Is there a collaborative platform in place for multiple stakeholders in the landscape to engage? (Mark with 'X')			
	Yes:	<input type="checkbox"/>	No: <input type="checkbox"/>
A8. Who is collaborating?			
A9. Which agricultural land tenure context does the project represent: Communal or Private? (Mark with 'X')			
		<input type="checkbox"/>	Pvt: <input type="checkbox"/>
A10. Which type of stewardship is best aligned with the work of your project? Select two and mark with 'X'			
<input type="checkbox"/>	Env.	<input type="checkbox"/>	Env-Lscap?
<input type="checkbox"/>		<input type="checkbox"/>	Biodiv
<input type="checkbox"/>		<input type="checkbox"/>	Agric
<input type="checkbox"/>		<input type="checkbox"/>	Water

**Part B: The meaning of environmental stewardship**

B1. Who is/should be a steward?

B2. What is the goal/purpose of stewardship?

B3. Stewardship is often referred to as a 'management activity'- what is being managed

B4. Who/what are the beneficiaries of stewardship? i.e. stewardship is for the sake of...

B5. To whom/what should stewards be accountable?

B6. Who should bear the costs of stewardship?

B7. Do the participants in your projects have a stewardship ethic? (Mark

Yes:

No:

B8. How do you know?

B9. Is this ethic important in driving stewardship actions?

Yes:

No:

Why?

B10. Is the concept of stewardship useful in your work?

Yes:

No:

Why?

B11. If you didn't/don't use the word 'stewardship' in your work, what alternative would you use?

**Part C: Enablers and barriers of environmental stewardship**

C1. What drove or motivated you to start/join this stewardship project?

C2. In your experience, what are the biggest *barriers* to stewardship? (Please list at least 3 in order of importance)

i.

ii.

iii.

C3. What are the biggest *enablers* of stewardship? (please list at least 3 in order of importance)

i.

ii.

iii.

C4. What are the particular challenges of facilitating stewardship at landscape scale?

C5. What role do you feel that the Department of Environmental Affairs Natural Resource Management or 'Working for...' programmes play in enabling stewardship?

C6. What changes could be made to these NRM programmes in order for them to be *better enablers* of stewardship?

EXTRA NOTES OR COMMENTS
