Table of Contents

PROLOGUE	xi
<i>U. Bleil, and J. Thiede</i> The Geological History of Cenozoic Polar Oceans: Arctic Versus Antarctic - An Introduction	1
 <i>PHYSIOGRAPHY AND PLATE TECTONICS OF THE POLAR DEEP - SEA BASINS AND THEIR CONTINENTAL MARGINS</i>	
<i>G. L. Johnson</i> Morphology and Plate Tectonics: The Modern Polar Oceans	11
<i>L. A. Lawver, R. D. Müller, S. P. Srivastava, and W. Roest</i> The Opening of the Arctic Ocean	29
<i>Y. Kristoffersen</i> On the Tectonic Evolution and Paleooceanographic Significance of the Fram Strait Gateway	63
<i>E. Sundvor, and A. Austegard</i> The Evolution of the Svalbard Margins: Synthesis and New Results	77
<i>T. O. Vorren, G. Richardsen, S.-M. Knutsen, and E. Henriksen</i> The Western Barents Sea During the Cenozoic	95
<i>K. Hinz, M. Hemmerich, U. Salge, and O. Eiken</i> Structures in Rift-Basin Sediments on the Conjugate Margins of Western Tasmania, South Tasman Rise, and Ross Sea, Antarctica	119
<i>H. Miller, J. P. Henriet, N. Kaul, and A. Moons</i> A Fine-Scale Seismic Stratigraphy of the Eastern Margin of the Weddell Sea	131
<i>J. P. Henriet, and H. Miller</i> Some Speculations Regarding the Nature of the Explora-Andenes Escarpment, Weddell Sea	163

POLAR ICE - COVERS AS GEOLOGICAL AGENTS

M. Spindler

- A Comparison of Arctic and Antarctic Sea Ice and the Effects of Different Properties on Sea Ice Biota 173

S. Pfirman, M. A. Lange, I. Wollenburg, and P. Schlosser

- Sea Ice Characteristics and the Role of Sediment Inclusions in Deep-Sea Deposition: Arctic - Antarctic Comparisons 187

R. Henrich

- Cycles, Rhythms, and Events in Quaternary Arctic and Antarctic Glaciomarine Deposits 213

B. G. Andersen

- Cenozoic Glacier Fluctuations in Polar Regions - Terrestrial Records From Antarctica and the North Atlantic Sector of the Arctic 245

N. Reeh

- Past Changes in Precipitation Rate and Ice Thickness as Derived From Age - Depth Profiles in Ice-Sheets; Application to Greenland and Canadian Arctic Ice Core Records 255

D. L. Clark

- Stability of the Arctic Ocean Ice-Cover and Pleistocene Warming Events: Outlining the Problem 273

A. Elverhøi, M. Nyland-Berg, L. Russwurm, and A. Solheim

- Late Weichselian Ice Recession in the Central Barents Sea 289

MODERN DEPOSITIONAL ENVIRONMENTS OF POLAR OCEANS.

N. V. Belyaeva, and T. A. Khusid

- Distribution Patterns of Calcareous Foraminifers in Arctic Ocean Sediments 311

H. Berner, and G. Wefer

- Physiographic and Biologic Factors Controlling Surface Sediment Distribution in the Fram Strait 317

H. Schrader, and N. Koc Karpuz

- Norwegian - Iceland Seas: Transfer Functions Between Marine Planktic Diatoms and Surface Water Temperature 337

<i>G. Wefer, G. Fischer, D. K. Fütterer, R. Gersonde, S. Honjo, and D. Ostermann</i> Particle Sedimentation and Productivity in Antarctic Waters of the Atlantic Sector	363
--	-----

<i>D. K. Fütterer, and M. Melles</i> Sediment Patterns in the Southern Weddell Sea: Filchner Shelf and Filchner Depression	381
---	-----

QUATERNARY HISTORY AND PALEOCEANOGRAPHY OF POLAR OCEANS

<i>E. Bard, L. D. Labeyrie, J.-J. Pichon, M. Labracherie, M. Arnold, J. Duprat, J. Moyes, and J.-C. Duplessy</i> The Last Deglaciation in the Southern and Northern Hemispheres: A Comparison Based on Oxygen Isotope, Sea Surface Temperature Estimates, and Accelerator ^{14}C Dating From Deep-Sea Sediments	405
---	-----

<i>G. Gard, and J. Backman</i> Synthesis of Arctic and Sub-Arctic Cocolith Biochronology and History of North Atlantic Drift Water Influx During the Last 500.000 Years	417
--	-----

<i>M. Baumann</i> Coccoliths in Sediments of the Eastern Arctic Basin	437
--	-----

<i>N. V. Belyaeva, and T. A. Khucid</i> Foraminiferal Assemblages in Sediments From Mendeleev Ridge, Arctic Ocean	447
--	-----

<i>J. Mienert, L. A. Mayer, G. A. Jones, and J. W. King</i> Physical and Acoustic Properties of Arctic Ocean Deep-Sea Sediments: Paleoclimatic Implications	455
--	-----

<i>A. Eisenhauer, A. Mangini, R. Botz, P. Walter, J. Beer, G. Bonani, M. Suter, H. J. Hofmann, and W. Wölfli</i> High Resolution ^{10}Be and ^{230}Th Stratigraphy of Late Quaternary Sediments From the Fram Strait (Core 23235)	475
--	-----

<i>S. E. I. Köhler, and R. F. Spielhagen</i> The Enigma of Oxygen Isotope Stage 5 in the Central Fram Strait	489
---	-----

<i>J. Bischof</i> Dropstones in the Norwegian-Greenland Sea - Indications of Late Quaternary Circulation Patterns ?	499
--	-----

C. D. Charles, and R. G. Fairbanks

Glacial to Interglacial Changes in the Isotopic Gradients of Southern Ocean Surface Water

519

H. Grobe, A. Mackensen, H.-W. Hubberten, V. Spiess, and D. K. Fütterer

Stable Isotope Record and Late Quaternary Sedimentation Rates at the Antarctic Continental Margin

539

PRE-QUATERNARY RECORDS OF POLAR OCEAN HISTORY

J. G. Baldauf, and J. A. Barron

Evolution of Biosiliceous Sedimentation Patterns - Eocene through Quaternary: Paleoceanographic Response to Polar Cooling

575

P. J. Mudie, A. de Vernal, and M. J. Head

Neogene to Recent Palynostratigraphy of Circum-Arctic Basins: Results of ODP Leg 104, Norwegian Sea, Leg 105, Baffin Bay, and DSDP Site 611, Irminger Sea

609

G. Bohrmann, R. Henrich, and J. Thiede

Miocene to Quaternary Paleoceanography in the Northern North Atlantic: Variability in Carbonate and Biogenic Opal Accumulation

647

E. Jansen, J. Sjøholm, U. Bleil, and J. A. Erichsen

Neogene and Pleistocene Glaciations in the Northern Hemisphere and Late Miocene - Pliocene Global Ice Volume Fluctuations: Evidence From the Norwegian Sea

677

D. A. Hodell, and P. F. Ciesielski

Southern Ocean Response to the Intensification of Northern Hemisphere Glaciation at 2.4 Ma

707

A. Abelmann, R. Gersonde, and V. Spiess

Pliocene - Pleistocene Paleoceanography in the Weddell Sea - Siliceous Microfossil Evidence

729

F. Westall, and J. Fenner

Polar Front Fluctuations and the Upper Gauss to Brunhes Paleoceanographic Record in the Southeast Atlantic Ocean
