

CONTENTS

1. Introduction		
Introduction	3	
Volcano Name and Geographic Locality	14	
Synonyms	14	
Location	14	
Type	14	
Elevation	15	
Edifice Height	15	
Category	15	
Structure and Evolution	15	
Current Activity	15	
Hazard	15	
Geochemistry	15	
Previous Work	4	
Comprehensive Studies	4	
Studies of Individual Volcanoes	5	
Sources of Data	5	
Satellite Data	5	
Space Shuttle Photography	9	
Aerial and Ground Photography	10	
Topographic Maps	10	
Criteria for Selection of Volcanoes	10	
Morphological Criteria	11	
Minor Centres and Large Silicic Caldera Systems	13	
Organisation of Volcanoes of the Central Andes	14	
References	16	
2. Volcanoes of the Central Andes		
1. Coropuna	23	
2. Sabancaya	26	
3. Chachani	29	
4. Misti	31	
5. Ubinas	34	
6. Tutupaca	36	
7. Yucumane	39	
8. Nevados Casiri	41	
9. Tacora	42	
10. Parinacota	44	
11. Guallatiri	47	
12. Arintica	51	
13. Tata Sabaya	53	
14. Isluga	55	
15. Irruputuncu	58	

16. Olca and Paruma	61
17. Aucanquilcha	64
18. Ollague	66
19. Azufre	71
20. San Pedro	74
21. Putana	76
22. Escalante and Sairecabur	78
23. Licancabur	81
24. Guayaques	83
25. Colachi and Acamarachi	85
26. Aguas Calientes	87
27. Lascar	91
28. Chilikues	94
29. Cordons Puntas Negras and Chalviri	96
30. Punta Negra	99
31. Tuzgle	101
32. Pular and Pajonales	103
33. Socompa	105
34. Llullaillaco	109
35. Escorial	112
36. Lastarria	114
37. Cordon del Azufre	117
38. Bayo	119
39. Sierra Nevada	123
40. El Condor	125
41. Peinado	127
42. Falso Azufre	129
43. Nevados Ojos del Salado	132
44. Tipas	135

3. Minor Centres

Minor Centres	140
Silicic Minor Centres	140
Mafic Minor Centres	147
References	154

4. Large Silicic Systems

Large Silicic Systems	160
Los Frailes	160
The Altiplano-Puna Volcanic Complex (APVC)	163
Cerro Galan	172
Cerro Bonete	175
References	175

5. Broader Issues

Broader Issues	179
Segmentation	179
Volcanic Evolution	183
Petrogenesis	185
Glacial Histories of Central Andean Volcanoes	185
References	186

6. Appendices

Appendix I: TM Data Statistics	191
Appendix II: Catalogue of All Identifiable Volcanic Landforms in the Central Andes	193
Index	215
